

**1 MANDALAY** Main Western Rd

Mandalay is perched on the Western Shelf of the Mountain and is a meticulously maintained garden bursting with mature, colourful tropical blooms. Lush lawns compliment the vibrant flowers, and neat edges frame this paradise. Breathe in the fresh air and admire breathtaking western valleys. This is a true connection to nature.

**2 HARMONY GARDENS** Ben Nevis St

Harmony Gardens was established 46 years ago and is a refuge of mature beauty displaying the assortment of plants typically found in a mountain garden. The dense plantings provide hidden nooks and a secret forest walk. The years of dedicated nurturing have resulted in towering camellias, swathes of clivias, agapanthus, golden bromeliads, and azaleas. Here, nature's melody reigns.

**3 BEINN BIELD** Normandie Court

Beinn {Ben} Bield is a formal open garden. Long paths lead through manicured hedges and flowerbeds filled with hydrangeas, crepe myrtles, azaleas, and tibouchinas. A tropical section features bromeliads and orchids. Lavender borders the manicured main lawn. Large urns and ornaments, gravel gardens, and large mature trees beyond the boundary add grandeur to this mountain estate.

**4 PETIT BIJOU** Central Avenue

Petit Bijou is a true gem hidden from the street. This is a traditional cottage garden bursting with poppies, foxglove, flowering shrubs and climbers, and many other colourful springtime favourites. A selection of fragrant herbs and edible plants adds to the blend of beauty and bounty showcased in this delightful informal garden.

**5 DINGLE DELL** Central Avenue

Dingle Dell is a shady haven for peaceful contemplation. Fountains supply a central rill that allows flowing water to divide this garden of secluded "rooms". The rooms are defined by hedges and plant walkways weaving through the garden, creating a sense of discovery. Hidden fountains murmuring amidst the greenery add to the serenity of this garden.

**6 THE HAVEN** Areca Court

The Haven is a true collector's paradise in a cottage garden, with an abundance of unusual specimens. Japanese maples, palms, and casuarinas that have stood for over a decade, their established forms providing a framework for the layers of meticulously chosen vibrant blooms. Camellias, magnolias, rhododendrons, and hellebores provide seasonal colour, mirrored in the understory of vireyas, clivias, azaleas, and a vibrant tapestry of annuals carpeting the ground.

**A TAMBORINE MOUNTAIN SHOWGROUNDS**  
Main Western Road  
A perfect spot to visit for a rest & refreshments. There is ample parking for cars & buses. Bathrooms are available, a delicious food café will be open, take a seat & relax with a tea or coffee, & browse through some Garden Market Stalls.

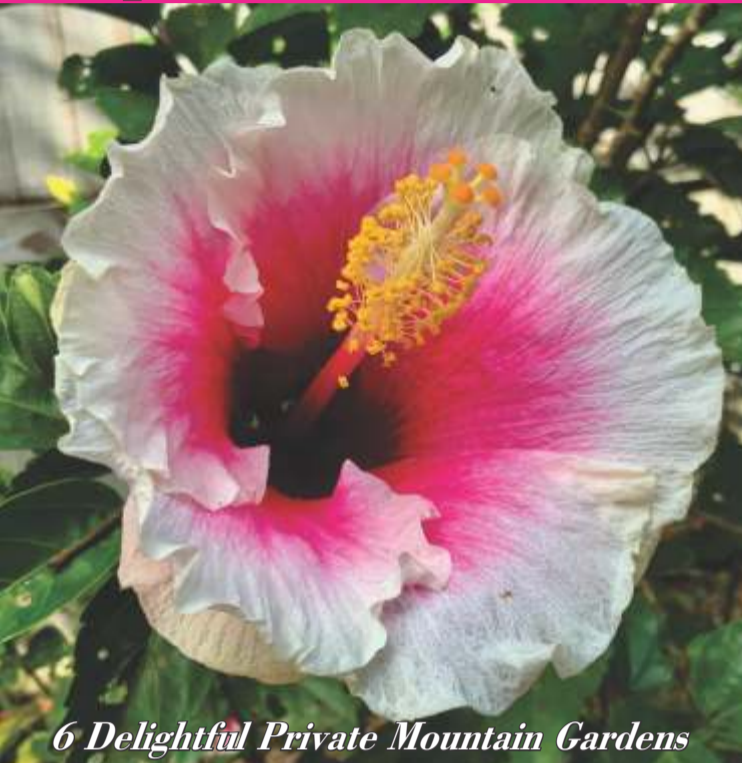

**B TAMBORINE MOUNTAIN LANDCARE CENTRE**  
Hartley Road  
Nestled in a quiet location showcasing a collection of native plants indigenous to Tamborine Mountain. Picnic tables are available.

**D TAMBORINE MOUNTAIN REGIONAL BOTANIC GARDENS**  
Forsythia Drive  
These delightful gardens are curated & maintained by volunteers. Wander along meandering pathways to discover an extensive & diverse range of native & exotic plants spread over eight hectares. Volunteers will be holding plant sales & a sausage sizzle.

**C ST GEORGE'S ANGLICAN CHURCH**  
Dapsang Drive  
Beautifully themed flower arrangements & installations in a tranquil & airy space. Be inspired, come for a rest & a cuppa. Church doors open from 10am to 4pm on both days. Devonshire tea is available outdoors & in the Georgian room for \$7 (buses excluded due to catering limitations)

# Springtime ON THE Mountain™ 2024

## Open Gardens Trail

6 Delightful Private Mountain Gardens

## Tamborine Mountain
